

On-site or "Corporate-Style" chair massage

Is one name for a short (15-20 minute) massage of a client sitting in a special, portable massage chair. The client remains **fully clothed** and no oils are used while their shoulders, neck, upper back, head and arms are massaged. On-Site is popular at some offices as an employee benefit and for some conferences, workshops and certain social events.

(Weddings, Secretaries Day, Employee Recognitions,

Thanks For Doing Business With Us {A Customer Thank You} Etc.).
